Families who choose burial may select from a variety of service options, from the most minimal to the more traditional to the most elaborate.

As funeral directors, we have always believed that the most informed decisions about funeral services and fees are the best decisions. We are uniquely aware that for many families, the decisions made about funeral costs are made at a difficult and confusing time and we hope that this list adds clarity. We appreciate the trust you have placed in us and hope that this packet assists you in making your decisions.

Please feel free to discuss with your funeral director any and all questions or concerns related to these matters. Our aim is to assist you in making good decisions and in caring for your dead in a manner in keeping with your values and wishes.
